Dear [REDACTED]

I wish to acknowledge receipt of the two letters which I recently received from you.

Pursuant to request made by you in those letters, I contacted the proper authorities at the Hospital to discuss your case with them. This was done prior to receipt of your telephone call asking me to disregard the request you had made in those letters.

I am pleased to learn that you have decided to remain in the hospital until you are free from any illness whatsoever. I strongly advise that you take every advantage of the facilities offered you by the Veterans Administration, and accept the advice of the Doctors at Bethesda Hospital without question.

Very truly yours,

[REDACTED] : bhr
